

The Victorian Rangers Association presents
a two-part workshop for all protected area & natural resource management rangers.

Current fox control technologies, Response & recovery for oil spill affected seabirds & mammals

This workshop is one of a series of workshops presented by the VRA for its members and most particularly new and prospective members. We encourage you to join us for what will be a valuable professional development opportunity. Stay overnight and enjoy an evening with your colleagues from around the state and a variety of different agencies.

Note : The VRA looks forward and welcomes in particular Local Government rangers to this activity.
